POWERFUL. RELIABLE. UNMATCHED.

PowerProtect™ 13kW¹ Standby Generator

Compact and versatile power.

With a 39% smaller footprint than other leading generators, the new PowerProtect 13kW Home Standby Generator provides the essential power you need during a power outage. Featuring a Vanguard® commercial-grade engine for unmatched top-tier performance and a robust warranty, this generator is perfect for powering homes with tight outdoor spaces and lot lines.

Briggs & Stratton® PowerProtect Generators provide comfort during power outages, shield against outage-related damage and costly disruptions, can lower your insurance premium, while enhancing your home's value.

Welcome to the future of home
backup power solutions.

Engineered with
NGMax™

for superior power and performance

Experience unmatched power with NGMax: With over 70% of USA homes having access to Natural Gas, our PowerProtect generators are designed to run on both Liquid Propane and Natural Gas.

With NGMax, you get more power on Natural Gas, setting a new standard that leaves the competition behind.

POWERPROTECT™

Standby Generators

Flexible Installations with a Smaller Footprint

Approved for installation as close as 18" to a building² with easy toolless panel removal for serviceability and maintenance. Upright design provides the smallest footprint³ possible so it's easier to install in tight areas. The front exhaust design allows for ultimate installation versatility.

Eco-Cise™ Weekly Test Mode

Our short 16-second weekly test mode ensures your generator is in top operating condition while reducing noise and fuel consumption.

Power Your Essentials

Customizable to your home's power needs, our optional Symphony® Choice Power Management system allows you to use a smaller, more affordable generator to prioritize your power needs.

InfoHub™ Remote Monitoring

Monitor your generator status from anywhere, and get service updates from the convenience of your smart phone, tablet or computer.

In-House Call Support

Enjoy direct access to our US-based Briggs & Stratton energy experts whenever you need them.

Highest Rated Power Output on Natural Gas³

Engineered with NGMax for superior power and performance with convenient hookups for both liquid propane and natural gas.

Corrosion Protection

Reinforced, corrosion-resistant enclosures and bases with Dura-Zen™ coating for a long-lasting attractive appearance.

Vanguard® Commercial-Grade Engine

Designed for reliable, continuous performance - from the engine experts at Briggs & Stratton.

Most Comprehensive Warranty in the Industry⁴

No out of pocket costs; labor, parts, service all included. That's up to a \$735 value!
